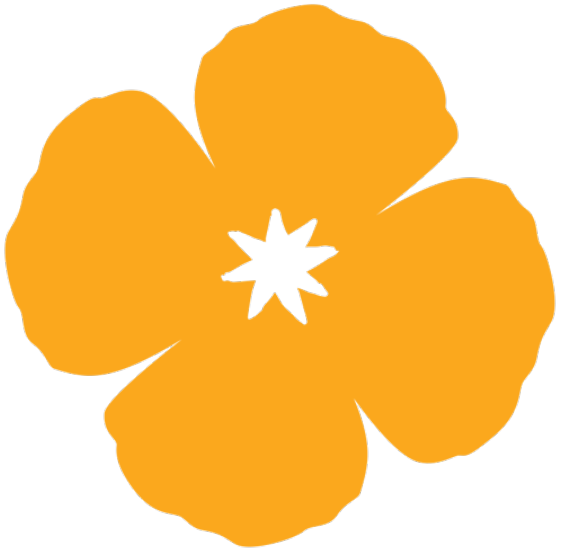
CalMHSA

California Mental Health Services Authority

CalHOPE Support Program Supervisors' Meeting August 10, 2023 *Welcome Support Specialists



CalMHSA

California Mental Health Services Authority

Updates

NAMI is not providing lunch at the conference. We will provide funds for two lunches, a new template will be sent out to those who have submitted requests; use it for the sheet to be sent in with the Aug invoice.

Last meeting's training by SDYS, LGBTQ+ 101, is posted to Repository site. Please share with SS and others who were not able to attend it live. This training is mandatory for all.

See the Repository site for the June Data Forms by Agency and by Pod. You can see how your agency is performing compared to other agencies.

Reminder for All Agencies

CalMHSA provided start-up funds in January that were equal to December's payroll, assuming all staff were full-time. You will not be reimbursed again for these costs. Please remind your fiscal staff of this.

Group Sessions: Follow up from LGBTQ+ Training

How do you introduce yourself at the beginning of groups?

Have you considered having the group moderator introduce themselves and include their preferred pronouns?

This might allow others who have preferred pronouns, to speak up.

We understand that some of your communities are not aware or are comfortable with this language. This is only a suggestion.
