

CalHOPE Support Program Supervisors' Meeting September 7, 2023

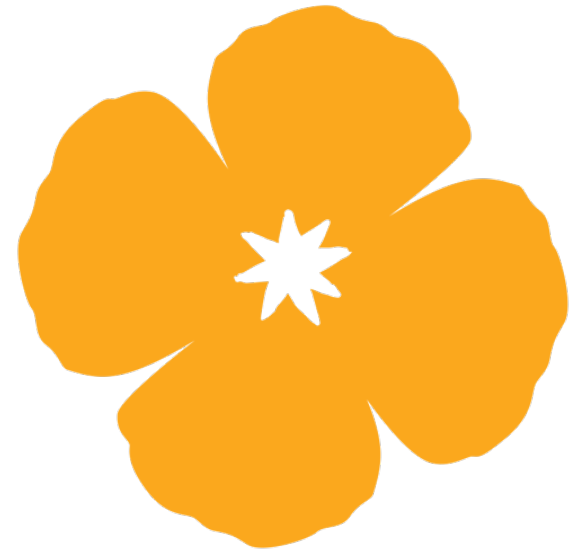

Updates

We are meeting with DHCS next week to discuss a contract extension.

Our repository site is being updated. We anticipate we'll be able to make additions to the site next week.

Reminder for All Agencies

CalMHSA provided start-up funds in January that were equal to December's payroll, assuming all staff were full-time. You will not be reimbursed again for these costs. Please remind your fiscal staff of this.

Contract Requirements

- 1. Submit an inventory of all devices purchased with CalHOPE funds. Inventory is due to CalMHSA three months before the end of the contract. DHCS has not said if it will require the devices to be returned.**
 - CalMHSA will prepare a survey to collect this from those subs who purchased devices.**

Contract Requirements

2. Complete list of trainings provided to staff, due to CalMHSA one month before the end of the contract.

- **Each Subcontractor shall document the time and place of each training session, the content of the session, the number of participants and their titles (Support Specialist, Supervisor). Each Subcontractor shall maintain such documentation for the duration of the Program.**

BHRSP Grant Announcement

Recovery Services and Education: \$150,000 minimum \$1,000,000 maximum

Local Sustainability and Systems Change: \$150,000 minimum \$250,000 maximum

Grant application due: September 19, 2023, 5:00 pm

The BHRSP Request for Applications (RFA) is now available for download

If you need help pulling your data from our Powerbi reports, email Taylor.
