AGENDA

A. Open Session

1. Call to Order

CalMHSA President, Dawan Utecht, called the Board of Directors meeting to order at 12:05 P.M. on Wednesday, July 21, 2021. Ms. Utecht directed Laura Li, Chief Administrative Officer of CalMHSA, to take roll.

2. Roll Call and Instructions

Ms. Li tallied Board Members and Alternates in attendance and found a quorum of the full Board of Directors was established.

3. Instructions for public comment and stakeholder input

Ms. Li reviewed the instructions for public comment and noted that items not on the agenda would be reserved for public comment at the end of the agenda. Public comment is called for after each agenda item. Laura Li instructed individuals on the phone to email Laura Li at laura.li@calmhsa.org to indicate which item they wish to address.

4. SB803 Peer Certification Update

Dr. Miller introduced Elia Gallardo, Michelle Cabrera, and Elissa Feld, CBHDA, who gave history of the SB 803 (Beall) Peer Support Specialist Certification. CalMHSA will ultimately work to implement a Statewide Peer Certification Program to go live in early 2022. Dr. Miller explained CalMHSA also hopes to conduct an RFP to identify 1-2 other entities to provide training and examination leading to Peer certification. CalMHSA will work to create a digital, web-based training at the lowest cost to Counties, addressing market scale and viability of the program. The CalMHSA certification will be the only certification accepted for use with the new Peer Support Specialist Medi-Cal billing code. It is directly tied to Medicaid reimbursement for Peer Support Services.

5. Subsidy Program

Dr. Miller explained that CalMHSA is working with regional partnership leads to identify opportunities to demonstrate the need for ongoing financial support for Workforce Education and Training (WET) activities, including streamlining the creation and submission of reports to California's Office of Statewide Health Planning and Development (OSHPD) and awarding education stipends and loan repayments by Fiscal Year 22/23.

6. EMR Project Update

Dr. Miller presented CalMHSA's vision for a statewide Electronic Health Record (EHR) system that aims to meet County-Specific needs and can be implemented Statewide. CalMHSA will administer a scenario-based RFP on behalf of Counties that have signed a participation agreement for the program. The aim will be to build out a sophisticated system that potentially utilizes custom coding to drive down the cost to counties. Ideally, CalMHSA would like commitment from counties interested in participating by the end of August.

7. President's Report

President Utecht delivered her report, expressing appreciation for the ongoing support and participation of Member Counties and their engagement with CalMHSA.

8. Executive Director's Report

Dr. Miller delivered her report, previewing items that will come before the Board at future meetings.

9. Public Comments

Ms. Li invited members of the public to make comments on non-agenda items.

DRAFT

AGENDA ITEM 6.0

SUBJECT: ELECTRONIC HEALTH RECORD (EHR)

RECOMMENDATION:

Approval of implementation of EHR Project and Execute Participation Agreements with Member Counties.

CURRENT STATUS AND BACKGROUND:

California's County Behavioral Health Plans (BHPs) operate in an increasingly complex environment. As Specialty Mental Health and Substance Use Providers we are treating an expanded Medi-Cal population in an increasing amount of distress. We are being asked to provide meaningful solutions for societal issues from homelessness to mental health impacts of COVID-19. Simultaneously, the requirements for administering Behavioral Health Plans are rapidly evolving, with CalAIM documentation and payment reform on the horizon requiring swift adoption of highly technical changes.

Recognizing these needs, CalMHSA proposes a new solution: using our unique position as a Joint Powers Authority (JPA) to bring counties together into a semi-statewide collaborative to design, procure and implement a new Enterprise EHR solution that will support our current and future business needs. By providing a collaborative solution, we pool together our intellectual and technical resources as well as our purchasing power to create a solution during a time of potential risk and rapid change. This collaborative project will bring forward solutions to key business challenges such as:

- Master Client Index: shared repository of clients that begins prior to an assessment and allows complete timeliness tracking and identification of clients who may receive treatment across counties
- Master Consent: allows for compliant coordination among all relevant health, mental health, substance use and social service care providers
- Real Time Medi-Cal Eligibility: provides current eligibility status maximizing revenue capture
- Unified Solution for SMHS and SUD services: promotes coordination and administrative efficiency
- Flexible Billing Solution: spans current Short Doyle Phase II and future payment reform requirements
- Lean Clinical Record designed for documentation reform to reduce staff burden
- Structured Staffing/Program Hierarchy: allows easy access to position vacancy rate, productivity, and reporting relationships
- Embedded Quality Assurance Logic: reduces claiming errors and audit risk
- Natural Data Collection: meaningful reporting and evaluation by design

NEXT STEPS

Currently CalMHSA is soliciting/accepting Participation Agreements from interested counties. Participation Agreements allow CalMHSA to represent the number of engaged counties/end users to prospective vendors. Fees are based on county size and are funding Request for Proposal (RFP) development, vendor selection, and initial development work with national experts. Any fee balances are banked towards anticipated implementation

expenditures. Any county who signs a Participation Agreement at this stage is free to withdraw if they do not wish to move forward with the selected vendor, and to use the RFP and other developed products for their own purposes.

FISCAL IMPACT

Funding methodology will be based on county size to include X-Large, Large, Medium, Small and Frontier.

AGENDA ITEM 7.0

SUBJECT: CalAIM

RECOMMENDATION:

Approval of the development of a scope of work to assist in the implementation of CalAIM training and Execute an Agreement with DHCS.

BACKGROUND:

CalAIM provides an opportunity to foundationally shift the way California Mental Health and Drug Medi-Cal Plans (referred to collectively as Behavioral Health Plans or BHPs) operate as both plans and providers. For these transformational changes to evenly impact BHP operations and improve outcomes for beneficiaries across the state, robust change management and implementation training, tools and materials must be produced and delivered. Developing these materials at a statewide level would reduce administrative burden, prevent duplication of effort, and promote consistency across BHPs, freeing up local resources to focus on beneficiary health and wellbeing.

To meet the goals of the CalAIM initiative, CalMHSA provide:

Transformation training Webinar highlighted key changes for Behavioral Health leadership
CalAIM Implementation Templates
Web based Training Videos

CalMHSA will develop eight online role-based manuals that can be easily downloaded. Four of the manuals will be designed for practitioners delivering Mental Health Plan (MHP) services, and four will be for practitioners delivering Drug Medi-Cal (DMC-ODS) services as follows:

MHP

Medical Staff
Non-Medical Licensed Practitioner of the Healing Arts
Mental Health Rehabilitation Specialists and others
Peer Support Specialist

DMC-ODS

Medical Staff
Non-Medical Licensed Practitioner of the Healing Arts
Mental Health Rehabilitation Specialist and others
Peer Recovery Specialist

FISCAL IMPACT

If selected, this program would be funded by DHCS.

AGENDA ITEM 8.0

SUBJECT: PAYMENT REFORM

RECOMMENDATION:

Approval CalMHSA to enter into participation agreements to support counties with Payment Reform necessary activities.

CURRENT STATUS AND BACKGROUND:

Payment reform represents a very significant shift for behavioral health. CalMHSA will bring in consultants to support counties with the analysis and work needed to facilitate a smooth transition to the planned new payment methodology.
