SUBJECT: PREVENTION AND EARLY INTERVENTION (PEI) RFP – RECOMMENDATIONS FOR CONTRACT AWARD

Recommendation:
Approve CalMHSA to negotiate and execute contracts for the Prevention and Early Intervention (PEI) Program Fiscal Years (FY) 2020/2021 – 2022-2023 with annual contracts not exceeding $3 million for Social Marketing and $500,000 for Community-Focused Technical Assistance.

Social Marketing: Civilian (Up to $3 million)
Community Focused Technical Assistance: Your Social Marketer (Up to $500,000)

Current Status and Background:
The California Mental Health Services Authority (CalMHSA) Prevention and Early Intervention (PEI) Program Plan has historically operated under the Each Mind Matters brand and specifically targeted three components: Suicide Prevention (SP), Stigma and Discrimination Reduction (SDR), and Student Mental Health (SMH).

Following member feedback, CalMHSA is now seeking a new social marketing campaign that builds on lessons learned from Each Mind Matters. This campaign will focus on digital deployment. This Request for Proposals (RFP) solicited proposals from organizations with the expertise and capabilities to provide services in the focus components:

Social Marketing
A new social marketing campaign, including utilization of various forms of marketing strategies with the goal of ensuring the campaign maximizes the reach to the target populations. The selected campaign will maximize the reach of county behavioral health initiatives while enhancing statewide population level approaches to eliminate the stigma and discrimination associated with mental health challenges and prevent death by suicide. In addition to the new marketing campaign, the selected applicant(s) will support communication management at a local, regional, and/or state level.

Social Marketing and Communication Management Outcomes:
- Reduce stigma and discrimination associated with wellbeing, specifically mental health.
- Increase awareness of how to prevent suicide.
- Increase messages that support access to mental health care.
- Increase understanding of the Intersectionality between mental health and other Social Determinants of Health (SDOH).
- Increase the coordination between marketing strategies deployed at the state and county level.

Community-Focused Technical Assistance
Community-focused **technical assistance** to County/City public behavioral health departments, including, and primarily, effective strategies that can prevent suicides, support postvention activities, and increases community engagement in current and future implementation of strategies.

Community Focused Technical Assistance Outcomes

- Increase County/City public behavioral health department’s capacity to effectively establish, improve, or expand local or regional suicide prevention collaboratives (i.e.: Local Suicide Prevention Coalition).
- Increase County/City public behavioral health department’s capacity to implement effective local suicide prevention and postvention policies, including cross-sectoral collaborations.
- Increase county and/or regional knowledge on safe messaging strategies for addressing suicide (prevention, attempts, death by, and postvention) across multiple community sectors.
- Increase knowledge of cultural norms that impact suicide prevention, attempts, death by, and postventions.
- Participate and collaborate with other suicide prevention initiatives and mental health campaigns or efforts in California to ensure collective reach and impact.

The release of the RFP was followed by a Bidders Conference, Question and Answer period, submission upload, and review by a panel that scored the proposals with the highest score resulting in the recommendation to the CalMHSA Board of Directors.

**Proposed Contractor Highlights**

**Civilian**

- Civilian has a long track record of developing social marketing campaigns which can easily be adapted by local communities (counties) to reach underserved communities, without requiring large investments.
- Civilian proposed incorporating both best-practices and novel techniques such as in-market testing and geotargeting to most effectively deliver messaging to our audiences.
- Civilian has incorporated team members from the arts, marketing, and public health to develop an evidence-based campaign. Materials will be based on public health education models such as the socio-ecological theory of behavioral health and be visually appealing to target audiences in order to encourage engagement.
- The proposed social media strategies will utilize influencers in the mental health sphere to inspire and educate our audiences. Many of these influencers will have personal experience with mental health challenges and suicide.
- CalMHSA priority populations will inform the campaign by creating focus groups for youth and TAY, Latinx/Hispanic, and many other underserved, unserved, and inappropriately served to ensure that the campaign is most effectively communicating to and with these populations. Focus groups will allow us to create culturally relevant content and partner with key community members who can disseminate the resources to their local community.

**Your Social Marketer (YSM)**

- Develop an individual TA plan for every interested member county/city and a statewide TA plan combining individual support, online modules, learning collaboratives, webinars, how-to guides, materials
and more. Support will focus on, but isn’t limited to, suicide prevention, postvention, coalition-building, effective messaging and statewide/local roll-out of the three-digit number for suicide crisis support.

- Be responsive to emerging needs including COVID-19 (and related risk factors such as toxic stress, bereavement and trauma), social justice, a suicide death and other community-identified needs by offering timely and hands-on TA.
- Offer TA to county and city behavioral health agencies, their providers and others to assess practices including (1) identifying cultural risk and protective factors, (2) expanding screening to consider racism, discrimination and acculturation, (3) investing in cultural adaptations of existing evidence-based protocols, (4) identifying barriers to delivery of care and (5) providing workforce training in culturally competent approaches to suicide prevention and care.
- Create and implement an “Understanding the Role of Cultural Norms in Suicide Prevention” Learning Collaborative that will strengthen local suicide prevention efforts for diverse communities. Modules will facilitate understanding of the role of cultural norms when creating materials, implementing outreach, and delivering interventions and trainings.
- Create the annual Suicide Prevention Kit and disseminate online materials through presentations and strategic partnerships.

RE: Revision to Bylaws – Summary of Key Changes

Accompanying this memo are two documents that contain proposed Bylaws revisions. One document is a clean copy of the proposed Bylaws, and the other is a “comparison” version with notations from legal counsel showing the proposed revisions and highlighting the rationale for key modifications.

The Bylaws were revised to simplify, clarify and align Board governance with current best practices. Towards that end, our organizational development consultant Julie Tugend and legal counsel Randall Keen of Manatt, Phelps, & Phillips LLP have proposed several changes, resulting in Bylaws that are more streamlined and straight forward.

In summary, the proposed revised Bylaws:

1. Eliminate unnecessary duplication with the Joint Powers Authority Agreement (JPA Agreement).
2. Eliminate complicated Program adoption and implementation protocols that more appropriately belong in Participation Agreements and/or a Board Resolution.
3. Remove the Advisory Committee which is no longer active (this does not prevent us from establishing an Advisory Committee in the future if desired.)
4. Add Human Resources functions to Executive Director responsibilities (Section 11.1.1)
5. Remove the Program Director from the Bylaws as this is a staff position managed by the Executive Director.
6. Clarify membership in the Executive Committee (Section 6.1.1)
7. Clarify the purpose and composition of Finance Committee (Section 6.3.1)
8. Simplify the elections process by holding all elections—Officers, Executive Committee, and other Committees— at the beginning of the fiscal year. (Section 5.4.2)
9. Clarify the President’s authority to fill vacant positions of Officers or committees between Board meetings. (Section 6.1.6)
10. Establish an Audit Committee in keeping with best practice. (Section 6.4)
11. Make other minor changes to streamline Board business such as eliminating the requirement for the Nominations Committee to present a slate of Officers to the Board 30-days in advance.

Please note that revising the Bylaws requires a vote of the full Board.
