AGENDA ITEM 6.

SUBJECT: OTHER COUNTY PROGRAM FUND ADMINISTRATION

RECOMMENDATION:
Authorize CalMHSA to administer programs for county Public Health Departments and other departments, including programs funded by the American Rescue Plan Act; Authorize the Executive Director to enter into and execute contracts with various entities or individuals in order to carry out the unique goals for each participating county.

CURRENT STATUS AND BACKGROUND:
Due to the increased need for fund administration, members have asked CalMHSA for their support in administering programs, such as those funded by The American Rescue Plan Act (ARPA). The American Rescue Plan Act of 2021 (ARPA) provides funding to counties to address the impact of COVID 19 and provide relief. As such, Member counties have requested that CalMHSA provide administrative support with various projects funded by ARPA and currently administered by a county’s Public Health Department. Some examples of the types of these programs include, but are not limited to, social determines of health, increase service expansion to underserved communities, building/preserving affordable single-home ownership opportunities, homeless housing and services, transitional housing, counseling centers, increase the number of young men of color opportunities to graduate from college, emergency shelter services, financial assistance grants, and other similar projects/grants.

Many of these types of programs could fall outside of the normal behavioral and mental health programs that CalMHSA traditionally administers. CalMHSA’s counsel has reviewed the JPA Agreement, and the JPA Agreement provides that CalMHSA may “provide any other similar or related fiscal or administrative services that would be of value to Members such as group purchasing, contract management, research and development, data management, maintenance of a research depository, training, technical assistance, capacity building, education, and training. “ JPA at art. 1(e). Accordingly, CalMHSA can administer and manage county contracts where that service “would be of value” to the county.

The Board’s authorization will not obligate CalMHSA to enter into any such Participation Agreement with a county. CalMHSA would only enter into such agreements where CalMHSA has the necessary experience and capacity.

FISCAL IMPACT
CalMHSA will receive an administration fee for each Participation Agreement it executes with a county for the administration of services. The administration fee will ensure that CalMHSA recoups its costs for administration of the programs.
