The next steps are for staff to develop Participation Agreements for each participating county and negotiate county-selected vendor contracts. Opportunities are there for additional counties to join in as the project moves forward.

Various members discussed the need for a possible outline of information or flow chart in the future of how counties could invest in the tech suite project and a project manager that could help with the counties that may want to join in on this venture. Additionally, a conversation followed regarding the mechanism to make this program potentially broader in scope and create a system that is both efficient and will produce results.

Agenda Item 4.B.1

SUBJECT: CASH FLOW MANAGEMENT

ACTION FOR CONSIDERATION:
For information and discussion.

BACKGROUND AND STATUS:
Historically, CalMHSA has held adequate balances of cash and investments. Cash balances are decreasing as we payout on the contract obligations, and annual funding is decreasing. After the January 31st cash disbursements, our cash balance is $10.8 million. Cash Management continues to be a priority for CalMHSA, therefore becoming a regular item in the agenda.

As of January 31, 2018:
- CalMHSA received $6.6 million (90%) of member committed Phase III PEI funding ($7.3 million), however the 4% goal ($12 million) was not attained.
- The State Hospitals program received $192,074.00 (30%) of member required funding of $626,510.00, however many counties are in process of getting approvals for the new amendment to the MOU, participation agreements and payments.

FISCAL IMPACT:
None.

RECOMMENDATION:
For information and discussion.

TYPE OF VOTE REQUIRED:
Majority vote.

Dear Board Members,

CalMHSA is finalizing program funding for FY 17/18 and beginning to plan for FY 18/19. The CalMHSA Finance Committee meets on January 16th and we will be providing an update to the Finance Committee on outstanding receivables for FY 17/18. You are receiving this email because CalMHSA has not received the payment from your county for invoices which are past due.

Please respond by January 10th with the status of when CalMHSA will receive payment for your outstanding invoices. Please disregard this notice if your county has recently been in conversation with CalMHSA regarding processing your overdue invoices.

If you have any questions, please contact Laura Li at laura.li@calmhsa.org or (916) 859-4818.

August 2017

Good Morning,

Just a friendly reminder that invoices for FY 17-18 were distributed on 7/9/2017, which includes the following programs:

1) Phase III Sustainability Funding FY 17-18
2) Fund Development - Special Member Fee FY 16-17
3) State Hospital Program FY 17-18
4) Central Valley Suicide Prevention Hotline.

If you have yet to submit your Annual Member Funding form, then your invoice related to Phase III PEI Sustainability may reflect an amount different than what you may have budgeted for or have approval for.

If this is the case and you would like to change it and/or have additionally questions, please feel free to contact me at (916) 859-4818 or laura.li@calmhsa.org.

Subject: CalMHSA Annual Program Funding – Response Requested
Good Afternoon Name and Name CalMHSA Board Members,
In response to your great input we have prepared an “All Inclusive” Annual Member Contribution Document.

We understand that your local Board of Supervisors makes each county members’ the final funding determination, as such it is critical we receive your intended member contribution to CalMHSA. The fiscal integrity of CalMHSA and each program you participate in is dependent upon this timely and accurately submitted data.

Thank you for reviewing and submitting this back to us in a timely. If you have questions please contact me or Laura Li at laura.li@calmhsa.org or (916) 859-4818.

Agenda Item 4.B.8

SUBJECT: PRESumptive TRANSFER – AB 1299

ACTION FOR CONSIDERATION:

Subsequent to policy action by CBHDA governing board, authorize CalMHSA to establish a banking pool to facilitate transfer of funds between counties in a timely manner, in compliance with Welfare and Institutions Code section 14717.1.

BACKGROUND AND STATUS:

Welfare and Institutions Code section 14717.1 is intended to allow foster children who are placed outside of their county of original jurisdiction to access specialty mental health services in a timely manner. The defined process is “presumptive transfer,” which means a prompt transfer of the responsibility for the provision of, or arranging and payment for SMHS from the county of original jurisdiction to the county in which the foster child resides. Implementation of this statute will require a system for counties to make payments to each other, and the county mental health JPA has been suggested as a solution.

The California Mental Health Services Authority (CalMHSA), a joint powers authority was created to administer mental health services as requested by members. Approval of this item will allow the establishment of a banking pool for counties which will be entitled, Presumptive Transfer Program, to facilitate prompt payments between counties as required by Welfare and Institutions Code section 14717.1.

FISCAL IMPACT:

To be determined

RECOMMENDATION:

Subsequent to policy action by the CBHDA governing board, authorize CalMHSA to establish a banking pool to facilitate transfer of funds between counties in a timely manner, in compliance with Welfare and Institutions Code section 14717.1.

PROGRAM MATTERS  
Agenda Item 5.A

SUBJECT: PRIVATE FUND DEVELOPMENT (LCG) – LEADERSHIP COUNCIL STATUS UPDATE

ACTION FOR CONSIDERATION:

None, information only.

BACKGROUND AND STATUS:

At the October 13, 2016, CalMHSA Board Meeting, the board approved a program workplan and an annual $500,000 budget for a three-year fund development effort, commencing FY 16-17 (see attached October 2016 Board Report). In addition, it was agreed that it would be necessary to have all counties fiscal participation, via a special member fee. Lester Consulting Group (LCG) is providing the professional expertise in this effort.

Per Board direction, counties were billed in December 2016 for 2016-17 and then billed annually thereafter. Since that time, CalMHSA has received less than full financial support, to meet the annual funding needs of $500,000 per year.

Finance Committee Meeting

At the January 16, 2018 Finance Committee (FC) meeting, staff communicated the fiscal status and challenges of the funding for this program and sought to seek direction from members. However, since a quorum of the members was not present, the item was deferred to the Executive Committee.

Leadership Council Luncheon

On January 18, 2018, CalMHSA, in collaboration with Lester Consulting Group, convened a luncheon for select individuals from the private sector, and they were invited to serve for an initial term of six meetings over twelve months, in a Public-Private partnership, referred to as the Leadership Council. The seventeen attendees were highly regarded business and community leaders occupying positions as the chief executive and senior leadership levels within their corporation or organization. More than six attendees indicated a personal or professional interest in CalMHSA’s mission and willingness to serve on the Leadership Council.

There was much consensus at the luncheon regarding the importance of Mental Health and the need for better public/private partnership to work together and improve mental health across all sectors through prevention and promotion.

In follow up to the luncheon, Dr. Clark and LCG have been contacting other attendees and non-attendees to confirm their interest in becoming part of the Leadership Council.

It is anticipated there will be interest from these individuals to support our efforts with source funding.
Purpose of Leadership Council

The purpose of the Leadership Council is to serve in an advisory capacity to CalMHSA’s Board of Directors and management regarding CalMHSA’s efforts related to:

- Informing public mental health policies and implementing best practices to advance California’s knowledge, attitudes and behaviors for improved emotional well-being and early detection of mental illness;

- Promoting a more integrated care delivery model by identifying existing problems across systems and designing innovative solutions that improve access to appropriate levels of intervention and treatment, and mental health promotion;

- Securing and distributing funding for strategies impacting needs along the mental health continue.

Executive Committee

At the January 23, 2018 Executive Committee (EC) meeting, per Finance Committee direction, staff communicated the status and challenges of the funding for this program, in an effort to seek direction. The EC directed staff to pursue counties for greater participation and further review the project annual budget of $500,000 to determine if any reductions were possible.

In follow-up to the EC, staff will be working on this and make recommendations to the Finance Committee for development of the FY18-19 budget. Due to the uniqueness of this program, services are being paid for in the form of an investment, which in turn is to yield a return. As such this presents a fundamental policy that is currently not addressed—are those who are unable to invest, eligible to receive a return? Staff will work with counsel and the FC to develop draft policy language to bring back for board consideration. Staff feels it is imperative for the governance of the JPA to address before this becomes reality.

Summary of participation and funding

**FY16-17** – 43 member participation with $400,524 funds received. Uncollected balance of $90,476, or 20%

**FY17-18** – 37 member participation with $236,888 funds received, therefore leaving an uncollected balance of $263,112, or 53%.

**NOTE:** Since the January 23, 2018 meeting, funds collected to date will meet the anticipated expenditures through June 30, 2018.

Formation of a Non-Profit
The formation of a private non-profit is a critical component of the project. Staff have explored the formation of the non-profit and will further develop a timeline, structure and budget for the non-profit.

**FISCAL IMPACT:**

SUBJECT: SUSTAINABILITY TASK FORCE REPORT: CONSIDERATION OF CONTRACTS FOR FY 18/19 PHASE III STATEWIDE PEI PROJECT

ACTION FOR CONSIDERATION:

Approve Sustainability Task Force and CalMHSA Executive Committee recommendation to extend and amend FY 17/18 Phase III Statewide PEI Project contracts for implementation of the Phase III Statewide PEI Project in FY 18/19, based on available funding.

BACKGROUND AND STATUS:

In December 2016, the CalMHSA Board approved the Statewide PEI Project Phase III Implementation Plan, which outlined a series of strategies and activities for implementation between July 1, 2017 and June 30, 2020. In April 2017, the CalMHSA Board approved extending and amending, as well as sole-sourcing with two previous subcontractors, for the implementation of the first year of activities in FY 17/18. These contractors are: RSE; The Social Changery; Your Social Marketer; Each Mind Matters Outreach & Engagement; Active Minds; NAMI California; Foundation for California Community Colleges; and the RAND Corporation.

As CalMHSA prepares to implement the second year of the Phase III Implementation Plan in FY 18/19, it must consider which contractors to partner with to continue current activities. CalMHSA staff, the Sustainability Task Force and the CalMHSA Executive Committee recommend to extend and amend current FY 17/18 Phase III Statewide PEI Project contracts for implementation of the Phase III Statewide PEI Project in FY 18/19 for the following reasons:

1. Current contractors have deep and historical knowledge about all activities implemented under the Statewide PEI Project, which is critical to effectively convey information to community partners during outreach efforts, a key component of the Statewide PEI Project.

2. It is more cost effective and cost efficient to extend and amend current contracts, compared to the administrative efforts needed to develop RFPs and review applications.

3. As part of the Private Fund Development Project, CalMHSA continues to explore the formation of a leadership council, which will provide further guidance in the development and funding of the Statewide PEI Project and other CalMHSA activities. The Sustainability Task Force believes that undergoing a new procurement process for potential new contractors during this interim period would be premature.

The Sustainability Task Force believes that the most opportune time to develop RFPs and procure new contractors for the Statewide PEI Project would be after the leadership council is developed and CalMHSA receives further guidance from them, or at the conclusion of the Phase III Implementation Plan, as CalMHSA plans for Phase IV of the Statewide PEI Project, whichever comes first.
FISCAL IMPACT:
None.

RECOMMENDATION:
Approve Sustainability Task Force and CalMHSA Executive Committee recommendation to extend and amend FY 17/18 Phase III Statewide PEI Project contracts for implementation of the Phase III Statewide PEI Project in FY 18/19, based on available funding.

CONSENT CALENDAR
Agenda Item 4.B.7

SUBJECT: LOS ANGELES COUNTY PHASE THREE PEI SUSTAINABILITY PARTICIPATION AGREEMENT (LA MENTAL HEALTH PROMOTION AND AWARENESS CAMPAIGN)

ACTION FOR CONSIDERATION:

1) Affirmation of the Los Angeles County DMH Participation Agreement for Phase III Statewide PEI Sustainability Funding.

2) Authorize staff to amend Los Angeles County's PEI Participation Agreement to increase the statement of work and funding to approximately $15 million dollars.

3) Authorize staff to enter into direct contracts with two contractors based upon the CalMHSA sole source procurement policy and available funding.

BACKGROUND AND STATUS:

At the June 15, 2017 CalMHSA Board meeting, the members approved the 2017/18 proposed budget which included a target budget in the event of Los Angeles County receiving Board of Supervisor’s approval for its participation in the Phase III Statewide PEI Sustainability Program. On June 13, 2017, the Los Angeles County Board of Supervisors approved their participation in the Phase III Statewide PEI Program for a three-year term at $1,800,000 per year for three years, and a one-time administrative fee in the amount of $810,000 for a total funding amount of $6,210,000.

Given the June 2017 Board approval, CalMHSA entered into a Participation Agreement with Los Angeles County DMH for a three-year term and funding levels previously described.

Los Angeles County has requested to amend its current PEI Participation Agreement, for the purpose of adding to the current statement of work to include a media campaign promoting mental health awareness during May’s Mental Health Month. This would consist of utilizing campaign strategies such as TV ads, billboards, trade shows, community engagement efforts, a symposium event and social media. These efforts are consistent with CalMHSA’s purpose and authority. This mental health promotion campaign will impact Los Angeles and surrounding counties.

It is expected that the added statement of work will increase the funding by approximately $15 million dollars, pending Los Angeles County Board of Supervisors approval on March 20, 2018.

As part of the above Los Angeles County has requested the participation of the following two agencies 1) Los Angeles County Office of Education and 2) Hershey Cause Communications, for sole source contracts, for the following reasons:
Los Angeles County Office of Education (LACOE) will revise and update the existing website for Youth Suicide Prevention. This website was built by LACOE to meet the needs of addressing Youth Suicide Prevention. LACOE maintain this website but the website needs upgrading and revisions to meet current demand in Los Angeles County. As the creator and administrator of the Youth Suicide Prevention website, LACOE has unique ability to upgrade the existing site at significant cost savings.

Based on Hershey Cause Communications’ (Cause Communications) experience with Los Angeles County and knowledge of the LA media market, they should be able to quickly come up to speed and deliver on the Los Angeles County media campaign, which is targeted for May as part of the Mental Health month. Cause Communications would have to start the work in March.

Cause Communications is based in Los Angeles and has participated in the city’s long tradition of being on the cutting edge of innovation. Cause Communications’ existing work for L.A. County and other similar clients gives them an understanding of state-wide issues which enables them develop to media messaging for influential and important purpose-driven campaigns.

Cause Communications has had numerous contracts with Los Angeles County as well as other local communities and non-profits in California. They have a strong dedication to serving non-profits and governments so they are more than capable of launching a media campaign couched in social responsibility. They are unique in their research-driven approach combined with bold, creative thinking which assisted Los Angeles County to ensure that it put clients on a path that is ambitious yet actionable.

Specifically, Cause Communications worked on “211 LA County” (www.211la.org). Cause Communications helped solve two important challenges: increasing demand for its services and addressing significant underfunding of its work. Cause Communications worked with 211 LA County to develop a strategic communications plan to attract funding by raising the visibility of the organization’s pioneering programs. After assessing 211’s materials and messages, the competitive landscape, media coverage, and audience perceptions, they developed collateral materials for the organization and organized its annual “211 Day” event, designed to attract new supporters among targeted demographics.

With this type of experience geared toward non-profits and government clients, they are uniquely positioned to take on L.A. County's media challenges within the requisite short time frame. The contemplated services are similar to those already being provided by Cause Communications to Los Angeles County. Hershey is willing to provide additional services on terms substantially similar to existing terms with Los Angeles County. Accordingly, the time or cost necessary to engage in a new selection process make a new process unlikely to provide significant benefit to CalMHSA.
CalMHSA counsel has reviewed the foregoing and believes the above justification meets the requirements of CalMHSA’s noncompetitive procurement policy.

Given the foregoing information, CalMHSA staff seeks affirmation of Los Angeles County’s PEI Participation agreement, approval of the added statement of work with added funding at approximately $15 million dollars, to include approval of the two sole source contracts.

**FISCAL IMPACT:**

5% of additional funding.

**RECOMMENDATION:**

1) Affirmation of the Los Angeles County DMH Participation Agreement for Phase III Statewide PEI Sustainability Funding.

2) Authorize staff to amend Los Angeles County’s PEI Participation Agreement to increase the statement of work and funding to approximately $15 million dollars.

3) Authorize staff to enter into direct contracts with two contractors based upon the CalMHSA sole source procurement policy and available funding.

**TYPE OF VOTE REQUIRED:**

Majority vote.

CalMHSA will develop the cultural adaptation and customization of marketing assets and advertisements of the following programs: Know the Signs, Reconozca Las Senales, Each Mind Matters, SanaMente, Walk in Our Shoes, and Ponte En Mis Zapatos, through social and online media, and advertising campaigns to reach residents of the County and promote local services through agencies such as Los Angeles Family/Wellness Resource Centers, TAY Drop-in Centers, Mobile Interdisciplinary Teams, Healthy Neighborhoods, and other community partners.

C. Performance Outcomes:

Continue CalMHSA efforts, through its agreement with the RAND Corporation, to assist DMH with the development of PEI monitoring and outcomes assessments. The goal is to establish a standard approach to measuring and reporting key risk
and protective factors that are intended targets of prevention programs implemented by LACDMH as part of their current three-year plan.

This collaborative effort between CalMHSA and DMH will include the following activities:

- Developing guidelines and tools to help classify PEI programs with respect to their goals and strategies. The purpose of this task is to help LACDMH arrive at a clear, specific and standardized approach to describing and classifying programs, and allowing mapping of programs to categories (Prevention Program, Early Intervention Program, Outreach for Increasing Recognition of Early Signs of Mental Illness Program, Stigma and Discrimination Reduction Program, Suicide Prevention Program, Access and Linkage to Treatment Program, or Program to Improve Timely Access to Services for Underserved Populations) as defined by State PEI Regulations. Facilitating selection of measures and development of evaluation strategies that are appropriate for each type of program, using tools developed as part of this task (e.g. logic models).

- Developing approach and reporting templates for utilizing population surveillance data to track County-level mental health needs and services received. The purpose of this task is to demonstrate ways that information collected at the program level can be combined with population-level data to provide information about the impact of PEI programs, such as extent to which counties are reaching their target populations with appropriate strategies.

- Developing resources for selecting, defining, and measuring risk and protective factors that PEI programs are intended to impact, and for developing evaluation approaches for different types of PEI programs. Many PEI programs are intended to reduce risk factors or increase protective factors that are known to mitigate the severity, prolonged suffering, or other negative consequences of mental illness. The purpose of this task is to assist counties in developing consistent measurement and evaluation strategies that are appropriate for different types of PEI program components.

IV. Funding – The County DMH will provide funding in the amount of one million eight hundred thousand dollars ($1,800,000) per fiscal year for three years, and a one-time administrative fee of $810,000, which is 15% of total program funding, not to exceed a total funding amount of six million two hundred ten thousand dollars ($6,210,000) to CalMHSA, in the implementation of the PEI program: Statewide PEI Sustainability Program in the Los Angeles Region. CalMHSA will invoice the County on July 1, 2017, for the full administrative amount of $810,000, to be paid within 30 days of receiving invoice.
