

## **Medi-Cal Peer Certification Stakeholder Advisory Council Member**

### **Karin Lettau | CAMHPRO**

Karin Lettau, MS, is a person with lived experience of over 30 years in recovery from trauma, substance use and mental health issues. She works as the Director of Training at the California Association of Mental Health Peer-Run Organizations (CAMHPRO) and Project Director of the SAMHSA CA State Consumer Network grant with a BA from UC San Diego in Chinese Studies and a MS from San Diego State University in Psychiatric Rehabilitation Counseling. An enduring passion for social justice led her to transition from a 20 year successful career in sales and management, to work in public mental health. Karin is a consumer and family member and has worked as a training, advocacy and psychiatric rehabilitation professional in community mental health for over ten years. Ms. Lettau is committed to a recovery, resiliency and wellness-focused service system. She built stakeholder collaboration throughout California to advance consumer and family member workforce development in public mental health under the former Working Well Together (WWT) Collaborative and has championed efforts towards State Certification of Peer/Family Support Specialists. Ms. Lettau has experience in curriculum development, training, and facilitation at an agency, county, regional and state level.
